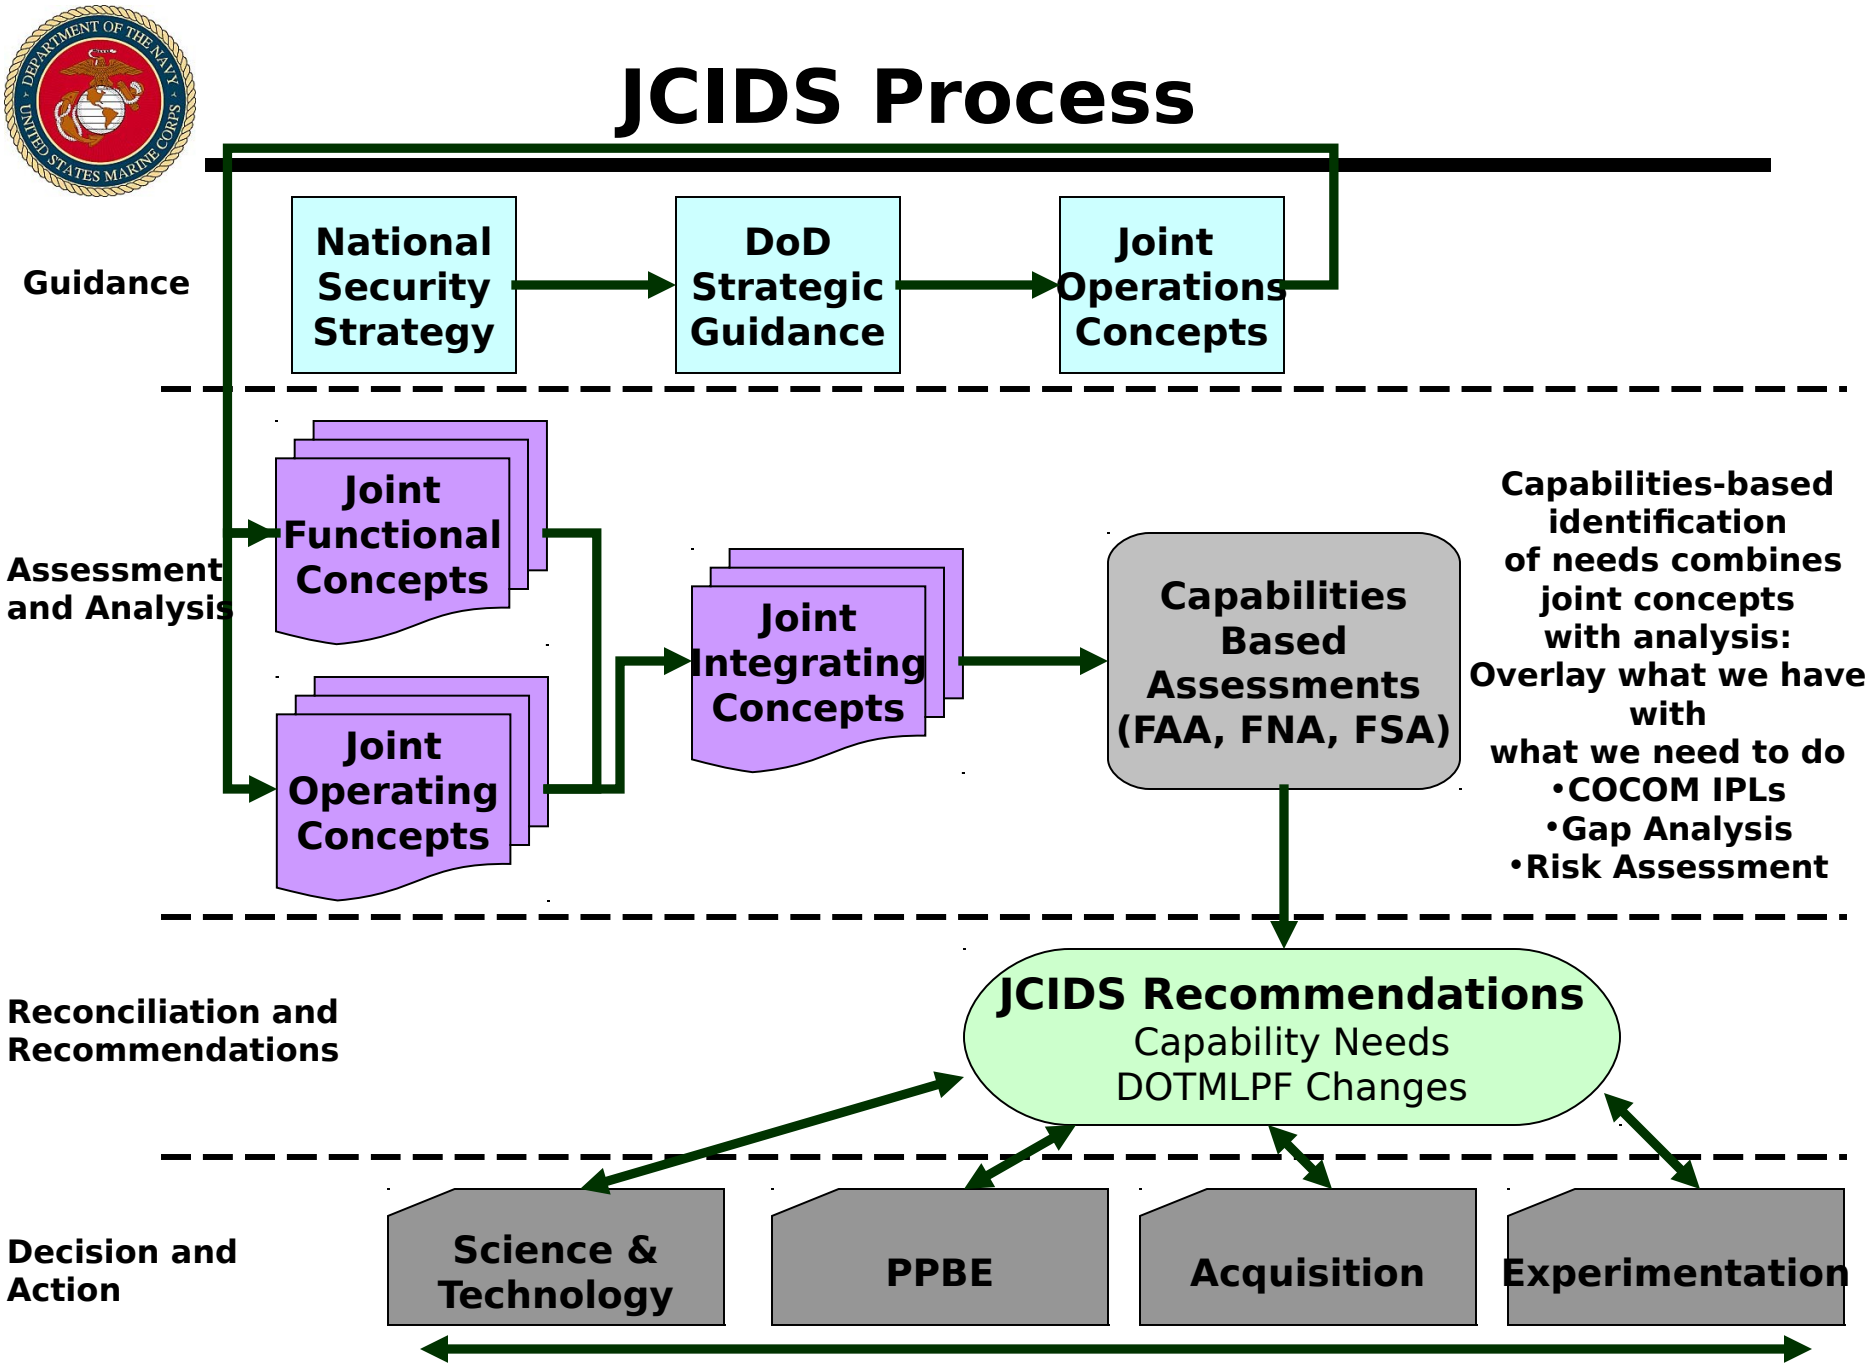
JCIDS Process



Joint Requirements Oversight Council

The JROC supports the Chairman's Title 10 responsibilities to advise the SECDEF on capabilities, programs, and budgets. The JROC directs the FCB process to support the mission

The JROC assists the Chairman in:

- Identifying and assessing the priority of joint military capability needs to meet national and military defense strategies.
- Considering alternatives to any acquisition program by evaluating cost, schedule and performance.
- Assigning joint priority among existing and future programs.

JROC is the only <u>uniformed</u> body making Cross-Ser
Resource Allocation and Investment recommen
